## JERSEY PAUPERS GO ON STRIKE

BAKERS REFUSED TO KNEAD  
ALMSHOUSE DOUGH UNLESS  
PUT ON THE PAYROLL.

By Associated Press.  
New York, June 10.—Considerable merriment has been caused by a strike of paupers in a county almshouse just outside of Jersey City. The men detailed to act as bakers organized and elected a walking delegate who notified the board in charge of the institution that his fellows would not knead the almshouse dough until their names were put on the payroll with the attendants and other employees.

The delegate explained to the committee that the bakers were entitled to pay, because, unlike many other paupers, they do not desert the institution during the summer months to recuperate at the seashore and in the mountains, but remain at their duties in the bakeshop and work faithfully for the county.

The committee rejected the demands and informed the strikers that they would be put to work in the stone quarries if they do not return to work in the bakeshop.

**ACUTE RHEUMATISM.**  
Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Olson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c, \$1.00. Sold by all druggists.

**Capitulated Vessel Sighted.**  
Boston, June 10.—A capesized vessel was sighted last Tuesday about 300 miles east of Cape Hatteras by the United Fruit Company's steamer Admiral Schley, which arrived here today from Jamaica. The wreck appeared to be that of a vessel of about 300 tons register and 200 feet in length. The general appearance of the derelict indicated that the disaster was of recent occurrence.

**Furious Fighting.**  
"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I was cured by the use of Eucalypti Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c bottle. Try them today.

**Racing at Pablo July 4.**  
New York, June 10.—A meeting of the board of directors of the American Automobile Association was held at the Automobile Club of America Thursday. # Summer Terrors

Acne, Tetter  
Eczema  
Salt Rheum  
Psoriasis  
Nettle Rash

An itching, burning skin disease during the hot, sultry summer weather, is a positive terror and a veritable demon of discomfort. The intolerable itching and stinging are tantalizing almost beyond endurance, and the unsightly eruption and rough, red skin keep one thoroughly uncomfortable and miserable night and day. Eczema, Tetter, and diseases of this type are caused by acid poisons in the blood, which the heat of summer seems to warm into life and renewed activity. These fiery acids keep the blood in a riotous and sour condition, and the skin unhealthy and feverish—they inflame the pores and retard perspiration, when the whole body feels like an over-heated furnace, and the escaping poison burns

## TORMENTING ECZEMA.

KANSAS CITY, Mo., May, 1898.

In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. As time went by it grew worse. I had read medicine in my early twenties (now 50 years of age) and was convinced that I was afflicted with a type of Eczema. I consulted several physicians and a number of specialists, and used several external applications, one of which was claimed to be a certain specific. I confess, however, I had but little faith in external applications, yet I used them, receiving but slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May of that year all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since.

or check the outflow of the burning fluids through the skin. Only persistent and faithful constitutional treatment can do this. The acid poison in the blood, which is the real cause of the eruption, must be attacked, and when the blood has been cleared of all accumulated impurities and restored to a healthy condition, then, and only then, will a thorough and lasting cure be effected, and for the accomplishment of all this, no remedy equals S. S. S., which contains all requirements for cleansing and building up the acid blood, and invigorating and toning up the system. S. S. S. completely and permanently eradicates every vestige of poison, thus effectually preventing a fresh outbreak of the disease.

Cases that have resisted ordinary treatment for years, yield to the purifying, cooling effects of S. S. S. upon the blood, and when rich, pure blood is again circulating through the system, the itching and stinging cease, the eruption disappears, and the red, rough skin becomes soft and smooth again.

Skin diseases appear in various forms—sometimes in pustules or blisters, sores, rashes, or red, disfiguring bumps and papules—but all are caused by a bad condition of the blood, and for which S. S. S. is a safe and effectual cure. No bad effects can come from its use, because it contains no Arsenic, Potash or other harmful drugs, but is guaranteed a strictly vegetable remedy.

If you are a sufferer from some summer terror like Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Nettle Rash or kindred disease, write us about it, and medical advice or any special information wanted will be given without charge.

Our Book on Skin Diseases will be sent free to all desiring it.

## STRANGE VOYAGE

(Continued from Page Nine.)

the murder which it recorded was committed.

For nearly three years another bottle was roaming over the seas before it came to its rest. On September 1 it was pitched overboard from the Bremerhaver several hundred miles east of Newfoundland. It was carried into the southern edge of the Gulf stream, drifted away beyond the Azores, then, curving to the southwest off the coast of Africa, it crossed the Atlantic, coming to its haven on the shore of a small island in the West Indies, just north of Hayti. It had voyaged as nearly as could be estimated, 4,500 miles in 394 days, averaging a distance of about four and a half miles in twenty-four hours.

A bottle thrown overboard from the steamship Sutherland on March 11, 1897, drifted 4,000 knots before it was recovered 181 days later; another record maker was picked up on March 26, 1898, having covered 4,700 knots—roughly 5,405 miles—in a little over sixteen months.

**Torture of a Preacher.**  
The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At all druggists; price 50c and \$1.00 guaranteed. Trial bottle free.

## DUESSELDORFER

OUR declaration that a perfectly brewed beer like Duesseldorfer is a temperance beverage, is not uttered for advertising effect. Could we induce all the whiskey drinkers in America to abandon whiskey and adhere to beer, drunkenness and its attendant evils would disappear and the percentage of morality would advance with leaps and bounds. There is 60% of alcohol in whiskey. The 3% in beer exists by natural fermentation.

Duesseldorfer awarded the Grand Prize by the St. Louis Exposition in 1904 and highest honors at Paris Exposition in 1900. It is therefore officially declared The World's Standard of Perfection.
